Rigel Recovery Services Out-Patient Substance Abuse Treatment

Substance Abuse Assessments

determine an appropriate treatment plan and goals.

Intensive Outpatient Treatment

offers group sessions several times a week allowing participants to attend treatment while still living at home.

Opiate Enhanced Treatment

provides a level of care specific to opioid use that assists with and increases the ability to cope with cravings, reduces relapse to opioid use, and facilitates lifestyle changes that support abstinence.

Vivitrol Treatment Program

provided in conjunction with Summit Psychological Associates, Inc., includes the prescription medication Vivitrol which blocks the effects of opioids for 30 days and significantly reduces cravings. Vivitrol is covered by many insurance carriers as well as Medicaid and Medicare.

Individual Counseling participants can benefit from one-on-one counseling.

Aftercare weekly sessions provide continued support and resources for people in recovery so they can maintain sobriety.

Drug Testing is used to monitor abstinence and compliance to the treatment plan.

Certified through OMHAS

treatment services are certified through the Ohio Department of Mental Health and Addiction Services (OMHAS).

Cost for Services is based on a sliding fee scale. Some insurance is accepted (Medicaid). No one will be turned away for inability to pay.
